

*For every purpose
the right product*

Screw cleaner PL

PH-adjusted additive to maintain and clean the inner plastification unit.

- Removes burning residues, dassing coating and color residue.
- Protects against dirt and corrosion
- Prevents sophisticated mechanical cleaning.
- Fit for nearly all kinds of synthetic granuels
- Hydrochloric acid free

dosing bottle with 1 l content
Item No. **bunol PL**

Corrosion Protection & Care RS

Anticorrosive agent, lubricant & care product for high precision tools and moulds

- Water and gas proof layer
- Ideal lubricant
- Can be easily removed by wiping away
- No hardening/sticking

Spray can with 500 ml content
Item No. **bunol RS**

Special cleaner CL-H

to remove stain and gassing residues from the warm cavity of your plastic-injection-moulding-machine

- Removes deposits from tool without causing any essential interruption of production
- High separating force
- Ferrous and aluminum compatible
- Mild odor
- High flash point
- Free of all CMR components
- CFC-free

Spray can with 500 ml content
Item No. **bunol CL-H**

Special cleaner CL-C

to remove stain and gassing residues from the cold mould of your plastic-injection-moulding-machine

- Removes deposits from cold moulds
- High separating force
- No corrosive effect on metal surface
- Mild, technical odor
- Free of halonized and aromatic solvents
- CFC-free

Spray can with 500 ml content
Item No. **bunol CL-C**

Silicone-free release agent RL-NO

for a perfect eject for all kind of plastic injection moulding parts

- Excellent adhesion to metallic surface
- Perfect parting performance
- No corrosive effect on metal surface
- Mild, technical odor
- SILICONE-free
- CFC-free

Spray can with 500 ml content
Item No. **bunol RL-NO**

Silicone release agent RL-SI

for a perfect eject for all kind of plastic injection moulding parts

- Excellent adhesion to metallic surfaces
- Perfect parting performance
- No corrosive effect on metal surface
- Mild, technical odor
- Containing SILICONE
- CFC-free

Spray can with 500 ml content
Item No. **bunol RL-SI**
